

Puravankara Scales ERP Agility with SAVIC MAXCare on SAP Cloud ERP Private

Puravankara Ltd., a pioneer in India’s real estate sector, has entrusted SAVIC under the MAXCare Managed Services model to sustain and evolve its SAP Cloud ERP Private environment. This partnership ensures a proactive, innovation-driven ERP operation supporting key business functions.

Before: Challenges and Opportunities

- Need for stable ERP to manage diverse real estate projects and compliance
- Continuous performance optimization and innovation tracking
- Cross-platform integration for sourcing and collaboration

Why SAP and SAVIC Technologies ?

- Proven managed service model with 24x7 coverage
- Deep experience with SAP S/4HANA for real estate operations
- SAP BTP and SAP Ariba integration for extensibility and supplier collaboration

After Value-Driven Results

- Resilient ERP backbone with 220 FUE coverage
- Streamlined governance, procurement, and project execution
- Agile adoption of SAP’s innovation roadmap
- Proactive monitoring and faster decision cycles

“SAVIC’s MAXCare support on SAP Cloud ERP Private gave us a stable and agile ERP foundation to manage diverse real estate projects. With 24x7 coverage and seamless Ariba and BTP integration, we achieved faster decisions, improved governance, and aligned with SAP’s innovation roadmap.”
