

Strengthening TASC Outsourcing with SAP Cloud ERP Private and MAXCare Services

TASC Outsourcing, a leading HR and workforce solutions provider in the Middle East, selected SAVIC’s MAXCare Managed Services to support its Rise with SAP S/4HANA operations. This engagement spans end-to-end support for Finance, Sales, Procurement, Projects, SAP SuccessFactors (HXM), SAP BTP, and SAP Analytics Cloud.

Before: Challenges and Opportunities

- Need for continuous ERP performance optimization and monitoring
- Desire for improved employee experience and secure cloud operations
- Complex integration landscape across departments and geographies

Why SAP and SAVIC Technologies ?

- SAVIC MAXCare delivers proactive SAP support and innovation enablement
- Full lifecycle SAP S/4HANA services, including ABAP and SAP BTP
- Strong domain expertise in professional services and HR tech platforms

After Value-Driven Results

- Stabilized SAP environment with 24x7 monitoring
- Streamlined change and incident management
- Faster insights via SAP Analytics Cloud and better user experience with SuccessFactors
- Continuous improvement roadmap aligned with SAP’s innovation strategy

“Partnering with SAVIC and leveraging SAP Cloud ERP Private and MAXCare Services enabled us to stabilize our SAP environment with 24x7 monitoring, optimize change cycles, and enhance workforce performance through SAP Analytics Cloud and SuccessFactors. SAVIC’s proactive support and deep HR tech expertise were key to driving continuous innovation and operational excellence.”
