

# Bismi Hypermart simplified logistics operations & improved efficiency while streamlining distribution center operations.

**8,000 products** representing over 1,000 brands processed for wholesale distribution daily. **Bismi Hypermart Pvt. Ltd.** has established itself as a leading supplier of major household appliances in Kerala, India. When the company began planning a multicity expansion, it realized its business processes were inadequate to the task of running multiple distribution centers efficiently. Bismi Hypermart had to go digital with a platform that would **streamline business processes** and support its expansion now and in the future.

**100%**

visibility of stock movements

**20%**

Improve the efficiency

**30%**

Increase the efficiency

**Increase**

data accuracy

**"The knowledgeable team at SAVIC Technologies helped us deploy SAP S/4HANA to streamline our operations in preparation for our planned, multicity expansion."**

JINU JOHN, SENIOR MANAGER
